Space-Saving, Sorted and Directly Accessible

- ▶ Space-saving storage solution with optimum use of space
- ▶ Sheets are individually accessible
- ▶ Storage options for small, medium and large sizes
- ▶ Loading possible from left or right
- ▶ Special made to measure sizes are available
- ▶ Ideal for storing special and residual sheets
- ▶ Material-friendly padding

Types, Dimensions, Load-Bearing Capacity

	Type 1	Type 2	Type 3
	2000x1000	2500x1250	3000x1500
(A max.) length	4600mm	5600mm	6600mm
(A min.) length	2520mm	3020mm	3520mm
(B) Width	1560mm	1575mm	1590mm
(C) Loading height	1000mm	1250mm	1500mm
(D) Total height	1423mm	1679mm	1917mm
(E) Support plate depth	64mm	64mm	64mm
(F) Ceiling length	2460mm	2960mm	3460mm
Adjustment length	2000mm	2500mm	3000mm
Number of compartments	10	10	10
Capacity per compartment	500kg	500kg	500kg
Ceiling load	150kg/m ²	150kg/m ²	150kg/m ²

Special Equipment and Options

Greater Flexibility

- ▶ Height-adjustable raised floors

Greater Protection

- ▶ Load securing for thin sheets

Increased Load Capacity

- ▶ Heavy load-bearing compartments up to 2 tons

More Storage Space

- ▶ Floor load up to 1500 kg/m²

Harped Rack for Residue Sheets

- ▶ 100 storage spaces for partly cut sheets with quick, direct access
- ▶ Two removable magnetic strip number bars
- ▶ A push-through opening at the back with a guard rail for oversized sheets

Specifications:

Width	1213mm	Compartment width	13mm
Depth	1040mm	Load capacity	1500kg
Height	2777mm	Min. sheet length	350mm
Max. adjustment height per level	1030mm	Max. sheet length	1600mm

TL110 Storage Trolley

- ▶ Ideal for internal transport
- ▶ Load can be secured with retaining devices
- ▶ Vertical and horizontal support plates with padding

Specifications:

Length	1500mm	Spacing between:	
Width	700mm	- Vertical rests	317mm
Loading height	980mm	- Horizontal rests	317mm
Total height	1290mm	Vertical rests	5 pieces
Depth of rests	215mm	Horizontal rests	5 pieces
Load capacity	1200kg	Net weight	approx. 75kg
